

SMART Meeting Pro PE™ 1.1 (Personal Edition) software

SMART Meeting Pro™ PE allows you to create and edit SMART Meeting Pro™ software collaboration files anytime, anywhere, to keep your projects running on time, on quality and on margin.

Unbound Workspace - - - -
Unlock never before seen levels of content creation and interaction anytime, anywhere in a virtually unlimited collaboration workspace.

SMART Ink 2.1™ - - - -
SMART Ink automatically enables you to write in any application window.

Radar View - - - -
Keep a maps-style overview of your content that shows your current location and content that is outside of your current view, as well as allowing you to navigate to different areas of your workspace.

Pan
Pan within models and files in any direction in the Unbound Workspace.

Zoom
Seamlessly zoom in to work with the details of a model, or zoom out to see an overview.

Mac or Windows compatible - - - -
Continue to evolve and revise project files on your own from your Mac or PC.

Integration with SMART Bridgit conferencing software™
When used with SMART Bridgit*, remote participants can easily share their video, audio and digital ink annotations as if they were collaborating in the same room.

* Server and user licenses sold separately.
